

NUG NUG NEWS 2011

SORRY To all of the regular campers for not notifying you that the pine trees were coming down when they did. Please understand that after consultation with the DSE and The Contractors, for reasons of safety, insurance and litigation, we were ordered to close the main park to all campers and or visitors.

We have bought 8 new trees so if you are camping next to them please give them a regular drink over summer

We have also got our hands on some second hand electric bbq's that hopefully will be in operation on the old Bbq site with a roof before Christmas (these will be free to campers and visitors)

Wait there is more Thanks to Dean Johnson and Pat Joynson for donations towards the construction of a Netball/ Basketball ½ court, Volunteer concreters required
Travel safe and Merry Christmas.
